RIGGING

ONSTAGE RIGGING POINTS

- There are three wooden beams running upstage to downstage, with one beam on centre and the others 10 feet either side of centre. Max UDL per beam is 500kg with a max point load of 300kg. Please remember that at present max loading of grid including flying system is 1500kg.
- Front Truss Points – The front truss is in a pre-set position and is 11m long of Litec QX40, powder coated black. There is a max loading of 200kg per point.
- Note, it is not possible to rig extra points in front of the Proscenium arch.

SUSPENSION EQUIPMENT

- 15 x Double Purchase Counterweight Bars 12m long. Max UDL Per bar 180kg/395lbs.
- 4 x 11m Installed Lighting Truss (1.100cm) Max Load per truss 400KG / 881.849 lbs.
- If other loads for video walls etc are required, we but must be informed prior to show to advise.

HEIGHT ACCESS

- 1 x Zarges Ladder
- 2 x 2m A-Frame Ladder

GENERAL

RISERS

- Three of 8' x 8' steeldeck risers
- Can be broken into 8' x 4' sections
- Various height options available
- Drum carpet & skirts available
- Venue does not provide wheels for risers, please discuss with Venue Rep.

BARRIER

- Venue may be configured as fully seated or standing.
- In-house mojo barrier is mandatory on all standing shows.

STEPS

- There are no steps from stage to auditorium floor. If steps are required, this needs to be advanced prior to your show going on sale.

PYRO

- Generally, no pyro in house.
- There is a significant lead-time and licensing process for any touring / incoming pyro effects.
- Please discuss any planned pyro fx as early as possible with venue production.

DRESSING ROOMS

5 Dressing rooms are available. They are all lockable. Touring production can hold key.

The following rooms all situated on 1st floor:

- Artist Production Office
- Dressing Room 2
- Dressing Room 3 (main dressing room with ensuite restroom & shower)
- Dressing Room 4

The following rooms all situated on 2nd floor:

- Dressing Room 5
- Wardrobe
- External smoking area (open until 10pm)

Shower and Toilet facilities are available on both the 1st & 2nd floor

Wardrobe Room has sink, washing machine, tumble dryer and ironing & steaming facilities.

Note for touring catering, there is a small kitchen and service area available.

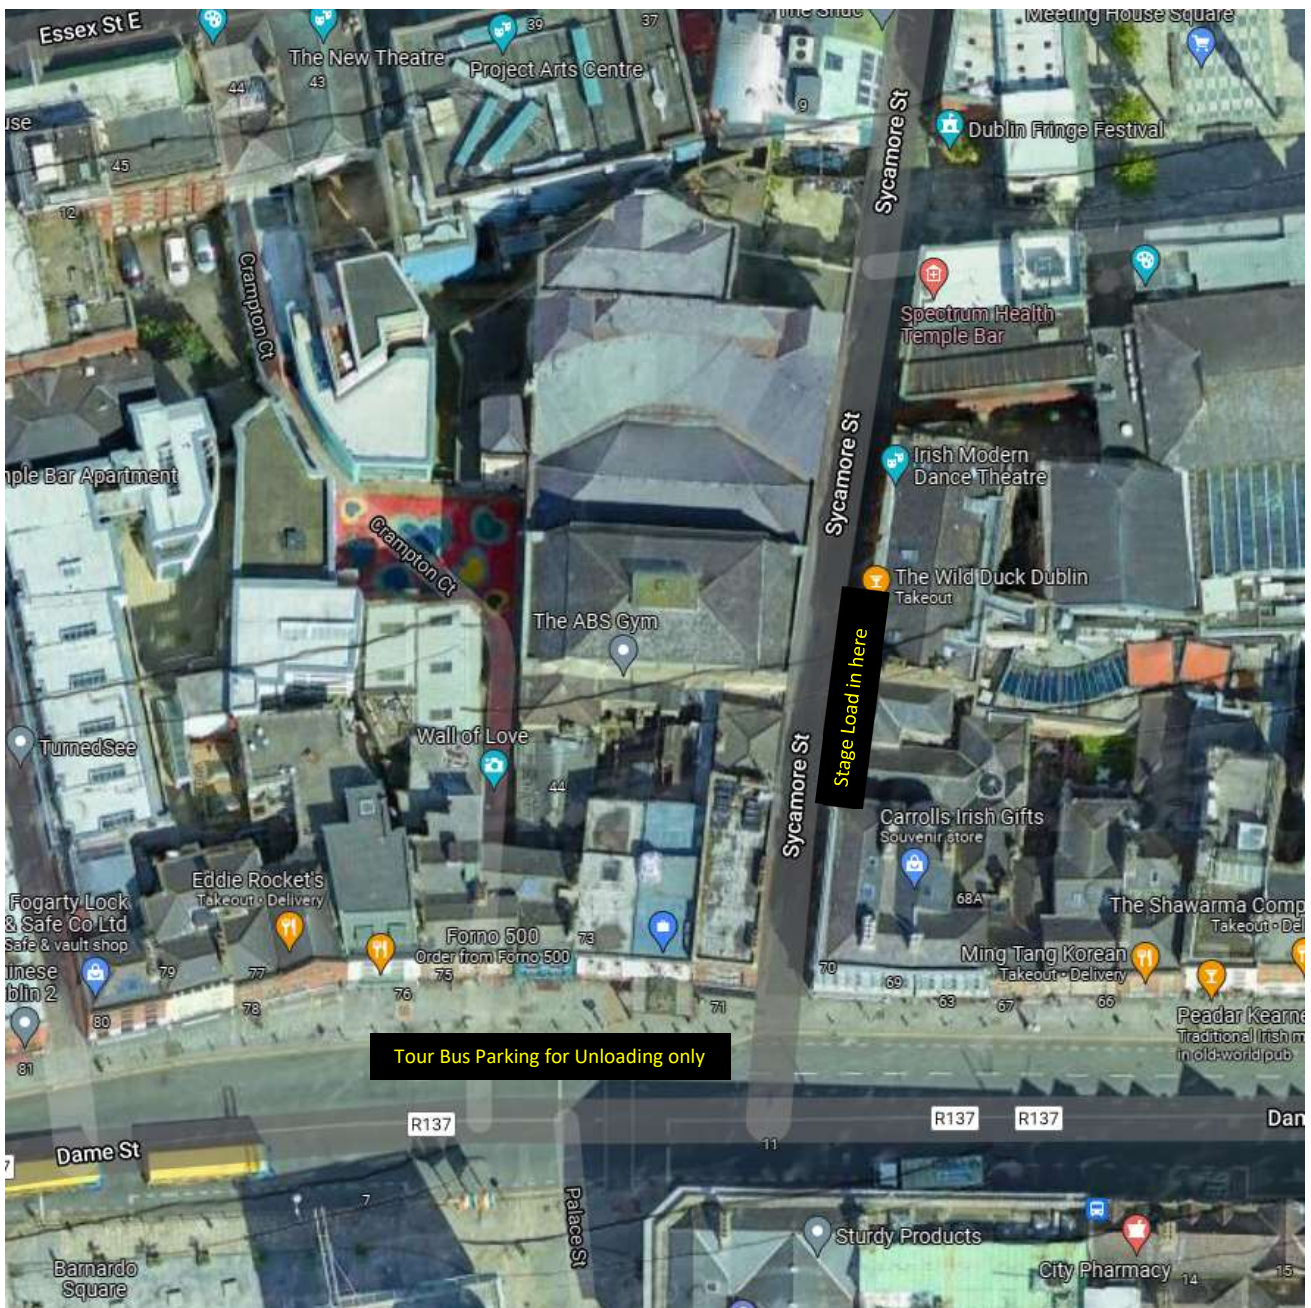

Please contact Venue Rep for details.

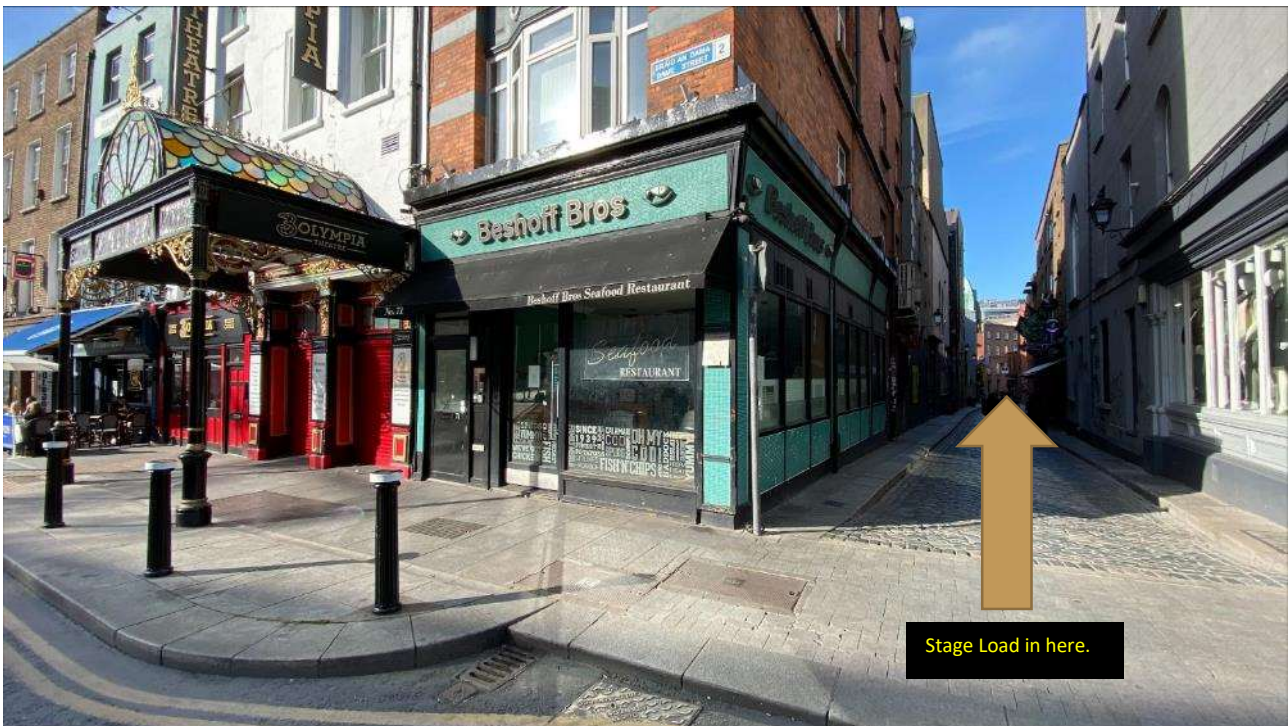

LOADING AND UNLOADING

Please note that 3Olympia Theatre is situated in Dublin City Centre, and that onsite venue parking is unfortunately not possible.

Artics and smaller trucks and splitters/vans should access the venue via Sycamore Street, which is the laneway adjacent to the venue frontage. There is direct access to stage door and stage loading dock from this point. Once vehicles are tipped, they need to leave the venue. 3Olympia/MCD can assist with arranging offsite parking.

Tour buses/trailers should pull up on venue frontage, and the tip needs to be as prompt as possible. It is helpful for the bus to face Trinity College/City Centre to facilitate your load in.

OFFSITE COMMERCIAL PARKING

Circle K Facility
Promenade Rd
Dublin Port
Dublin 1

- Truck and bus parking is available there on a 24 hour basis.
- Landlines/Shore power is available there also.
- Payment is on a cash basis, 3Olympia Theatre does not operate an account at Circle K.
- Pre book generally not possible.

TRUCK PERMITS

All vehicles with 5 axles and over require a Stop/Unload Permit from Dublin City Council. Details from your Venue Rep or directly from www.hgv.ie

A second DCC licence may be required in respect of loading / stopping on Sycamore Street. Again, please contact your Venue Rep.

Note, it is not permitted for tour vehicles to remain on site all day.

MERCHANDISE

At 3Olympia Theatre, merchandise concession is via National Merchandising UK.

- Details directly from Fabienne Weir – fabienne.weir@nationalmerchandise.co.uk
- Or Giulana Aglio giulana.aglio@nationalmerchandise.co.uk
- Giulana Aglio Tel: +353 85 831 2704
- Or check with your Venue Rep.

NOISE ABATEMENT

3Olympia Theatre operates on a good neighbour basis with the surrounding businesses and residents.

Therefore, we ask that all loading and vehicle movements, especially those outside of normal working hours, are conducted with as little unnecessary noise as possible.

3Olympia Stage Manager will close loading dock door as soon as main load in is complete in order to avoid linecheck / soundcheck noise spill, where possible.

NO SMOKING POLICY

3Olympia is a non-smoking building throughout, by Irish law. We do have an outdoor smoking area available backstage.
